

BOARD-STAFF COMMUNICATIONS
REGULATIONS

This regulation is established to support the School Board's support for and encouragement of communication between the Board and its employees. The provisions outlined in the regulation are designed to provide efficient and effective communication procedures.

Each school will select representatives annually to meet periodically with the Superintendent or his/her designee to share information, concerns, and suggestions for improvement. Written meeting notes will be prepared by the administration and made available to employees and the Board.

The Board shall schedule periodic visits to each school to observe classes while in session. Visitation dates will be established annually.

Focus groups will be scheduled periodically to obtain information regarding school improvement from employees. Representatives will be selected from each school, division administrative office staff, and all other employee groups. Meeting notes will be prepared by administration and made available to all employees.

Adopted: October 12, 2009
