

MILITARY LEAVE AND BENEFITS

Leave

All employees of Madison County School Board who are members of the state or federal military reserves are entitled to leaves of absence from their duties on all days during which they are engaged in federally funded military duty, including training duty, or when called forth by the Governor.

Immediately upon receipt of official notice to report for duty, the employee will notify his or her supervisor of the need for military leave. A copy of the official orders must accompany the leave request.

Pay/Paid Leave

All employees on military leave will receive up to 15 days paid leave per federally funded tour of duty.

An employee who is scheduled for a physical examination for military service during working hours, including but not limited to pre-induction physicals, will be given paid leave.

In addition, full-time employees of the Madison County School Division whose active duty service with the regular armed forces of the United States or the National Guard or other reserve component requires his or her absence from employment will receive supplemental pay in the amount of the difference if the employee's military compensation is less than the regular salary paid to the employee by the school division.

The employee will be permitted, upon request, to use any vacation, annual, or similar leave that had accrued at the time military leave began.

Except as outlined above, military leave is unpaid.

Benefits

Health Benefits

If the employee so desires, the employee and the employee's dependents may continue to participate in the division's group health plan for up to 24 months while the employee is on military leave. The employee must notify Tina Cropp, Finance Office, 60 School Board Court, Madison, Virginia 22727, (540) 948-3780, if he or she wants to continue participation in the division's group health plan. Employees who elect to continue on the division's health plan will be: required to pay the amount of the current employee's share for such coverage.

Retirement Benefits

An employee reemployed after military leave will be treated as not having incurred a break in service. The period of military leave will be considered service to the division for purposes of vesting and benefit accrual. The division is responsible for its pension plan funding obligation. The division is not required to make its contribution until the employee is reemployed.

The employee will be allowed, but not required, to make up his or her contributions to a contributory plan. The employee may repay his or her employee contributions for a period of up to three times the period of military service, but not to exceed five years. If the employee's retirement plan is contributory and the employee does not make up his or her contributions, he or she will not receive the employer match or the accrued benefit attributable to his or her contribution because the employer is required to make contributions that are contingent on the employee's contributions.

The employer and employee contribution will be calculated on the rate of pay the employee would have received but for the absence to serve military duty.
