

SCHOOL ADMISSION

No person is charged tuition for admission or enrollment in the Madison County Public Schools, whether on a full-time or part-time basis, who is eligible for admission under Policies JEC School Admission or JECA Admission of Homeless Children. School officials do not inquire into the student's citizenship or B, C or D visa status in determining eligibility for tuition-free enrollment in the Madison County public schools.

However, the school division may admit and charge tuition to a student who:

- A. Is a resident of the school division but not of school age;
- B. Is of school age and not a resident of Virginia but is temporarily living with a non-parent who resides within the school division;
- C. Is of school age and resides beyond the boundaries of Virginia but near thereto in a state or the District of Columbia which grants equal attendance privileges to residents of the Commonwealth;
- D. Is of school age and resides on a military or naval reservation located wholly or partly within the geographical boundaries of the school division, is not a domiciled resident of the Commonwealth of Virginia, and is a student for whom federal funds provided under Public Law 874 of 1950, commonly known as Impact Aid, fund less than 50 percent of the total per capita cost of education in Madison County Public Schools exclusive of capital outlay and debt service; such students shall be eligible for interscholastic programs immediately upon enrollment, provided that such persons (i) satisfy all other requirements for eligibility and (ii) are dependents of a military service member required by the military to live on the military installation as evidenced by a statement on command letterhead signed by, or by direction of, the service member's commanding officer;
- E. Is of school age and attending a school in the division pursuant to a foreign student exchange program approved by the School Board;
- F. Is a resident of the Commonwealth but not of the school division, except as provided in Policy JEC School Admission;
- G. Is of school age and was enrolled in a public school within the division as a domiciled resident of the Commonwealth, and has been required as a result of military or federal orders issued to their parents to relocate and reside on federal property in another state or the District of Columbia, where such state or the District of Columbia is contiguous to the school division; or
- H. Is of school age and residing within the school division, and is enrolled in summer programs other than remediation required under Va. Code § 22.1-253:13.1, or is enrolled in local initiatives or programs not required by the Standards of Quality or the Standards of Accreditation.

The following category(ies) of students are eligible for consideration for admission: Categories A, B, C, E, F, and H. Eligibility for consideration does not signify acceptance of the admission application of a student. Each application for admission will be considered on an individual basis. The residency of persons in the above categories who reside in housing or temporary shelter, or on property located in multiple jurisdictions, shall be determined in the manner set forth in Policy JEC School Admission.

Foreign students in an F-1 immigration status or who obtain F-1 student visas are not admitted in the division's elementary schools or publicly funded adult education programs. Such students may be admitted, for a period up to twelve months, in the division's secondary schools only if they pre-pay the full, unsubsidized per capita cost of the education.

Procedure for Admission

The following procedure is followed for application and review of applications for admission of students who are not eligible for tuition-free enrollment.

A parent or guardian of a student shall apply for admission on behalf of the student by completing the division application. The application form contains information and agreements including, but not limited to:

- the current legal residence of the child and the school division in which the child is currently enrolled, if any;
- the child's unique student identification number, if any;
- the basis for requesting admission;
- the specific building and grade level (elementary) or course offerings (secondary) in which the student desires to be enrolled if accepted by the division; and,
- the agreement that the student is subject to all policies, regulations and guidelines of the school division, including the Code of Student Conduct.

Within 15 calendar days of receipt of the application, the Madison County Office of the school division shall provide the applicant with written notification of the approval or denial of the application. If the student is to be admitted, the superintendent or superintendent's designee shall notify the division which the student previously attended, if any, and make necessary arrangements for the transfer of student records. The notification of admission shall state the period for which the student is accepted and the subsequent conditions which could cause the acceptance to be terminated.

If the application is denied, the Madison County Office shall notify the parent or guardian of the right to have the transfer reviewed by sending a written request to the superintendent or superintendent's designee within seven calendar days. Applications denied based upon the student's suspension, expulsion or withdrawal of admission shall be reviewed in as provided in Policy JEC School Admission. For all other denials of admission, the superintendent or superintendent's designee shall respond in writing to the request for review within 10 calendar days.

Tuition Rate

The tuition rate is set by the superintendent for each academic year.

Transportation

Transportation is not furnished to nonresident students except in those cases where:

- agreements between divisions specify transportation services;
- federal or state legislation mandates the provision of transportation services; or
- transportation services can be provided at no cost to the division.

Procedure for Admission of Students of Parents or Legal Guardians Building a Home in Madison County

The following procedure shall be followed for application and review of applications for admission of students living out of county while their parents or legal guardians are building a home in Madison County.

A parent or guardian of a student shall apply for admission on behalf of his/her child by completing the division application in addition to the above listed application and by providing a copy of the building permit no later than August 15 before the school year starts. The information and agreement application form shall contain information and agreements including, but not limited to:

- the expected occupancy date of the home under construction,

- the agreement that the parents will be responsible for their child's transportation if not available through normal bus routes, and
- the agreement that the parent will pay tuition quarterly beyond the first semester if the family hasn't moved into their new home because of construction delays.

Tuition fees will be established annually. Payment due dates and amounts will be shown on the tuition contract. Non-resident students, whose payments are not received by the date indicated on their tuition contract, will be denied admission to the Madison County Public School system.

In addition, exceptions to this policy may be granted by the Superintendent upon prior written application for the following situations. In cases where an exception is made, tuition for the period to complete the semester or school year in the case of seniors will be waived.

- (1) Students who desire to complete the current semester in the Madison County Public School at which they were entitled to attend prior to their parents moving from the county; and
- (2) For students who have started their senior year at Madison County High School and wish to graduate with their class.
